Hello Phillip,

I hope you are staying well during this time.

Hillel 818 has a plan approval application pending with the department for a relatively modest addition of square footage to include site security improvements. I believe the applicant has received support from numerous entities and organizations, including the two adjacent property owners and the Northridge East Neighborhood Council.

Given the straightforward nature of the improvements requested and in light of the outreach conducted, the Council Office does not object to a waiver of public hearing for this case.

Thank you.

Hannah
